

The Ultimate Build Challenge!

Rocky Mountain Arts is offering a **FREE** student Community Sculpture Build for 4 October weekends

Professional artists, architects, and builders, will be on hand for inspiration and to teach life skills— such as how to use a circular saw, drill and hammer. Express **YOUR** creativity through this exciting design build process! You'll be named on the sculpture plaque as a creator on the final art to be on permanent display.

ROCKY MOUNTAIN ARTS WILL PROVIDE: Transportation for students not residing in Telluride, lunch, snacks, all safety gear, materials, and tools.

Text or email 970.708.1059, erin@rockymountainarts.org to participate any of the days.
